October 14, 2020

Dear Families,

On Friday, October 2, the School District of Crandon made the difficult decision to move from a model of in-person learning to a full at-home/virtual learning model. At that time, we indicated our intention to return to in-person learning in two weeks. In conjunction with the Forest County Health Department, the School District of Crandon has determined that at this time we will plan on returning Monday, October 19 to in-person learning. While it is our intention to return, please understand that situations can change quickly and we will keep you updated of any changes to this plan.

This has been a unique situation, one that none of us has faced before. Though there will continue to be uncertainties, we are confident that our SD of Crandon community and families will continue to navigate through this together. We will continue to closely monitor the current situation with the health and safety of our staff and students being our top priority.

As we plan for our return, please continue to help support our safety and mitigation plans here at school. We ask that students stay home if they are sick or have been exposed to someone confirmed to have COVID-19. If you are awaiting the results of a COVID-19 test, please do not come to school. At school, we will continue to model and promote wearing masks, social distancing, cleaning, and hand washing. If you have questions, please do not hesitate to contact our district office at (715) 478-6200.

Respectfully,

The School District of Crandon Administrative Team
