INTRODUCTION

The School District of Crandon offers many educational opportunities to prepare our students to be respectful, smart, creative, and productive citizens and lifelong learners. The academic, career, social, and emotional needs of all students are best met when there is cooperation and support among the school staff, students, and parents. The success of our District rests with the collaboration and support between staff, parents, students, and the community when implementing the shared mission and vision of the School District of Crandon. This Student Handbook was designed to help students understand their rights, responsibilities, and behavior expectations so that they may enjoy learning in a safe and orderly environment.

Parent/Teacher Conferences

Conferences are scheduled twice per year, for the purpose of giving parents a chance to meet with teachers and discuss individual student progress. Students should encourage parents to attend this event.

Family Access Program

The Family Access Program allows parents to monitor student progress through the Internet. You can receive your personal password into Family Access in the EL or MS/HS office. If you signed up last year your password will continue to work this year. This is the primary method of communication for families to access their child's attendance, grades, and major behavioral records.

Problem-Solving

ATTENDANCE

Success in school depends on several factors but a primary factor is regular attendance. Absences from school can never really be made up because the teaching and discussion that take place during any given day are not repeated; therefore, regular attendance is essential for good academic progress. Careful consideration should be given by both parent and student before a loss of school time is incurred for reasons that are not serious or an emergency. See School Policy: Compulsory Attendance Age (5200).

Wisconsin Statute 118.15(1)

Wisconsin's Compulsory School Attendance Law, states that any person having under control a child who is between the ages of 6 and 18 years shall cause the child to attend school regularly during the full period and hours that the school is in session until the end of the term, quarter or semester of the school year in which the child becomes 18 years of age.

Standard state practice will be followed in relation to student attendance. Parents/guardians may excuse their child for up to 10 school days PER school year to be in compliance with the Compulsory School Attendance Law. Anything BEYOND 10 absences may be considered unexcused at the discretion of the District, and therefore, subject to truancy.

Health, legal, and other like appointments may be exempted with acceptable documentation provided by the provider. Administration reserves the right to accept or deny documentation in accordance with the Wisconsin Department of Instruction stipulations in regard to compulsory attendance.

Wisconsin Statute 118.16(2c)

Wisconsin's School Attendance Enforcement Law, states that "Truancy" means any absence of part of or all of one or more days from school during which the attendance officer, administration, or teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent pupil, and also means intermittent attendance carried on for the purpose of defeating the intent of Wis.Stat. 118.15.

Legal cause shall be those Excused Absences as determined by the Board of Education.

Procedure for reporting absences will be as follows

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

A. A daily absence list will be published by the elementary office indicating students who are absent from class for a particular day.

Parents are responsible for providing the school attendance office with notification of a student's previous absence. This can be done through a phone call or written note. Parents should provide a reason for the absence. Using class DOJO is not an acceptable means of notifying the school.

A student going to the doctor, dentist, or funeral, or has a serious illness needs to provide written notification from the doctor's office for the absences to be excused medically. A student leaving during the school day will obtain a blue slip from the elementary office. The blue slip, signed by the doctor or dentist, constitutes the excuse

- A. Absence of three (3) consecutive school days will result in the student being requested to present a medical statement from a doctor verifying the medical reason for the excuse and stating that the student may return to school.
- B. Students who accumulate 5 unexcused absences will be considered truant. The student, parent/guardian, and police liaison officer will be notified.
- C. If a student is absent for more than 3 days a request for the day's work must be made to the EL or MS/HS office.
- D. Any absence during the school day (other than school-sponsored) will count as an "absence". The student would not qualify for perfect attendance.

Excused Absences

The following reasons are considered parent-excused absences without medical provider notes:

- A. Student illness
- B. Serious illness/funeral in the immediate family
- C. Medical emergency
- D. Medical/Dentist Appointment
- E. Religious holidays (pre-plan needed)
- F. A court appearance or other legal procedure which requires the attendance of the student.
- G. A quarantine as imposed by a public health officer
- H. Others pre-approved by the administration

A Pre-planned absence shall be legal cause for non-attendance and will require students to bring a note from their parent or guardian and obtain a pre-plan note form from the attendance office. This form must be completed and returned to the office prior to the scheduled absence. After arrangements have been made with the teacher and student, the pre-excused form must be returned to the administration before the scheduled absence; the purpose of the prearranged communication is for the student to collect work and have conversations regarding his/her absences with teachers. Therefore, scheduled absences should be requested at least

three days in advance of the absence. All assignments missed during this absence are the responsibility of the student. Note: A pre-excused absence request may not necessarily be approved by the administration. Requests will be approved at the discretion of administration. Should a request not be approved, the absence will be entered as unexcused. Per state statute 118.15, parents are allowed to excuse their child for up to 10 days per school year. After 10 days the absences will be unexcused and subject to truancy.

Unexcused Absence

Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter. An unexcused absence is an absence that does not fall within the definition of an excused absence or a pre-planned absence.

Tardiness

In elementary school, a student is considered tardy when he/she is not in the classroom at the time in which the bell rings. Teachers may designate a student tardy-excused should the student have a tardy excused slip BEFORE entering the classroom.

A. Tardiness for 10 minutes or longer will be classified as an unexcused absence and truancy.

Attendance Recognition

Perfect Attendance-Students must be in attendance at all classes with no tardies or early departures.

Outstanding Attendance-Students must have a 96% attendance rate.

ACTIVITIES

Supervision

Students are not allowed to be in the building or on the school grounds for an activity or to use an area of the building or its equipment unless they are under the DIRECT SUPERVISION of a teacher or staff person in charge. No activity can be held without a teacher or staff person in attendance.

Elementary Activities

Monthly newsletters and flyers inform students and families when activities take place during the school year. Activities may include the following:

School-Sponsored Events

School-sponsored events are events hosted by the District in some capacity or another. These events may or may not take place at school facilities. All school-sponsored events must be approved by the administration. It is encouraged that students attend school-sponsored events, so long as the requirements to attend the given events are followed (i.e. submission of permission slip, etc.)

Students who attend school-sponsored events as participants or spectators are subjected to the expectations outlined in this Student Handbook. Poor conduct, policy infractions, etc. may result in dismissal from the event. Also, once individuals leave the event, they will only be permitted back into the event with the permission of the person(s) in charge. Any suspicious behavior/activity will be addressed by the Activities' Director, administration, and law enforcement, if necessary.

Attendance in school is MANDATORY for participation in school-sponsored events and co-curricular activities. Students who wish to attend events need to be in school on the day of the event. If a student leaves under an excused absence, for reasons other than illness or pre-arranged excuse, and it is approved by either the Activities Director or administration, the student may be allowed to participate in or be a spectator at the school-sponsored event on the same day.

Posters and Notices

All notices displayed within the school or on campus must have prior authorization from the administration.

TECHNOLOGY/PERSONAL COMMUNICATION DEVICES

Personal communication device usage during the class is only allowed for instructional purposes at the discretion of the instructor. Any student found to be in violation of this rule will have their personal communication devices confiscated. Excessive violations of this rule will result in a parent/administration meeting. Failure to turn over personal communication devices to staff members will result in further consequences and/or permanent loss of personal communication device privileges.

Students must obtain consent from staff and students before taking pictures or videos on school grounds/transportation or at any school-sponsored activity. Possession of a personal communication device or other device by a student is a privilege, which will be forfeited by any student who fails to abide by this rule or otherwise engages in misuse of this privilege. Violation of this rule may result in disciplinary action against the student, up to and including expulsion.

Computer and internet usage will follow the Personal Communication Devices Policy 5136.

SCHOOL DAY INFORMATION

The school day for students in grades 4K-5 will start at 8:00 AM and end at 3:15 PM. The first bell will ring at 7:57 AM for all students. Breakfast and lunch are available to all students at no cost. Students may have snacks during the day. Students are not allowed to share their snacks with others.

Cancellation or Closing of School

When it becomes necessary to close or cancel school for any reason (normally inclement weather) it will be announced on Wausau, Antigo, Rhinelander radio, television stations, social media, and the school website, and a notification will also be sent by the dialer Blackboard Connect.

Daily School Opening and Closing

The school will be open from 7:30 A.M. until 3:30 P.M. each school day. Students are not to be in the building at any other times unless participating in a school-sponsored activity with a teacher or other staff person present.

Virtual Day Expectations

During a Virtual Day, instruction and assignments are provided in advance via paper/pencil and/or through Google Classroom. This approach may be used for various reasons, such as inclement weather, school events, or as part of a blended learning model. Assignments are due by 8:00 AM the next school day or by 8:00 AM on Monday if the Virtual Day falls on a Friday. Assignments must be submitted through the specified platform (e.g., Google Classroom, email) by the due date and time. Check each teacher's instructions for specific deadlines and submission requirements.

EMERGENCY PROCEDURES

Standard Response Protocol

Follow the directions of your classroom teacher. Students are not allowed to assist in a lockdown.

Fire Drill

- Conducted monthly, except when inclement weather endangers the health of students and staff. Other drills may be used in place of a monthly fire drill.
- Exit procedures are located above classroom doors.
- All students, with no exceptions, will evacuate the building in a single file in an orderly fashion to an assigned area.
- Completion of the fire drill will be when a designated person gives an all-clear signal.
- Students will proceed back into the building in an orderly fashion.

Severe Thunderstorms

- If a storm occurs at dismissal time, students will stay in the building until the storm passes.
- During regular school hours, students must stay inside during thunderstorms.

Severe Snow Storms or Ice Storms

- See procedures on school closing if a situation occurs before school opens.
- Early dismissals shall be determined by the District Administrator or designee.
- All after-school activities and team practices will be canceled.

Tornadoes

- Students and staff will be notified via the P.A. system if a tornado watch is in progress.
- A warning via the P.A. system indicates that a tornado has been sighted in the area.
- Students and staff will proceed to the designated area as posted above the classroom door.
- Students and staff will get into a "tuck position" with the face down by the knees and arms above the face and neck.
- Students will not leave their designated area until the all-clear signal is given.

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

Search and Seizure

The Board of Education has charged school authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search school property such as lockers used by students or their person or property, including vehicles, of a student, in accordance with the following policy.

School Property

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Desks and lockers are public property and school authorities may make reasonable regulations regarding their use. The District retains ownership and possessory control of student desks and lockers and the same may be searched at random by school personnel at any time. A showing of reasonable cause or suspicion is not a necessary precondition to a search under this paragraph. Students shall not have an expectation of privacy in lockers, desks, or other school property as to prevent examination by a school official. The Board directs the school principals to provide students with written notice of this policy at least annually and that routine inspections be done at least annually of all such storage places.

The Board directs that the searches may be conducted by the:

- A. District Administrator
- B. Building Principal
- C. Police Liaison Officer
- D. or others as designated by the District Administrator or Building Principal

Student Person and Possessions

The Board recognizes that the privacy of students or his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion that the search will turn up evidence that the student has violated or is violating either a particular law or a particular rule of the school. Any search under this paragraph must be reasonable in scope and reasonable in the manner in which it is conducted. The extent of the search will be governed by the seriousness of the suspected infraction, the student's age and gender, the student's disciplinary history, and any other relevant circumstances or information. The Principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has reasonable suspicion to believe the student has consumed or is under the influence of an alcoholic beverage while on school premises or while participating in a school-sponsored activity. If the result indicates a violation of school rules as described in the student handbook, the disciplinary procedure described in this Student Handbook will be followed. If the student refuses to take the test, the Principal will inform the student that refusal to participate implies admission of guilt leading to disciplinary action consistent with this Student Handbook.

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

In a situation in which a search of a student's person or possessions is appropriate, school administrators should first attempt to contact the school liaison officer to conduct the search under the administrator's direction. If the officer is not available, the administrator may proceed with the search, unless the information justifying the search suggests that the student is in possession of dangerous materials whereby the expertise of law enforcement is necessary. In such a case, the school official shall contact law enforcement and request their assistance.

Under no circumstances shall a school official ever conduct a strip search of a student.

See Policy Title: Search and Seizure 5771

MEDICAL

Injury

If you are injured, report it to the EL or MS/HS office as soon as possible.

Illness

If becoming ill during the school day, ask the teacher for permission to go to the EL-office for medical attention.

Healthy Habits

See Policy Title: Care of Students with Chronic Health Conditions 5335

Please be aware that the School District of Crandon has students with severe, life-threatening food allergies.

Medication

Over-the-counter medications must be accompanied with written permission on a School District of Crandon Medical Release Form (Appendix B) to administer the medications. All prescribed medication, and medical equipment or devices, must be accompanied by a medication request form signed by the prescribing physician as well as the parent. This would include medicine, diabetic test kits, allergy kits, and inhalers. This form can be picked up in either office or the form in this book may be used. Medication will not be administered unless there is a completed form on file in the office. There will be no exceptions. All medications must be sent in the original bottle and must be kept in the office.

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

If a student requests a Tylenol for a headache, the student will be requested to drink some water first in the event of slight dehydration and to rest for a while. If the headache persists, Tylenol will be disbursed to students with a written permission form on file.

End of Year Medication Procedure

All medications must be sent home at the end of the school year. If a student plans to attend summer school and will require prescription medication to be given during the time they are here, the medication will remain in the office and be sent home with the student on the last day of summer school.

A letter will be sent home to parents notifying them of this. They will contact the office to arrange pick up. If parents do not contact the office, the office secretary or health aide must contact them.

Procedure

- 1- Arrange how medication will be sent home
 - a. Parent pick up medication from the office
 - b. Medication sent home with the student
 - i. Medication may not be a controlled substance (most ADD/ADHD medications are controlled substances)
 - ii. Document parent's request to be sent home on the medication form (date, time of call, and your initials).
- 2- Document on medication administration form the date, time, medication name, who sent with, and if medication is pill form the number of pills left in the bottle when sent.
- 3- If parents cannot be contacted or medication is not picked up as arranged, it will be disposed of and documented on the medication administration form.
- 4- File medication administration forms with the student health records.

State immunization 140.05(16)

Requires that all students 4K – 12 must meet minimum immunization requirements. These requirements can be waived only for reasons of health, religion, or personal conviction. It is the parent's/guardian's responsibility to prove their child meets the requirements for exception/waiver. Immunization records have to be on file by **September 15th** in order for your child to meet the requirements.

Head Lice

8451 - PEDICULOSIS (HEAD LICE)

Head lice are present in the community at all times and can be particularly prevalent among pre-school and elementary school-age children. Lice are a nuisance, but do not spread disease. Control of lice infestation is best handled by adequate treatment of the infested person and

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

their immediate household and other close personal contacts. Contracting head lice is not an indicator of cleanliness or socioeconomic status.

Communication from the school to parents directly and through parent and classroom education to the students will help increase the awareness for both parents and the child. It is the responsibility of the parent(s) to check their child's head on a regular basis for signs of head lice and treat adequately and appropriately as necessary. Control depends on prompt case finding and effective treatment.

If a child in the District is found to have head lice or untreated nits, school staff will notify the parent and ask to pick the child up at the parent's earliest convenience and administer an FDA-approved lice treatment (e.g., pediculicide/ovicide), treatment by a qualified healthcare provider, or treatment at a clinic specializing in lice and nit removal. The child will remain in the classroom until able to be picked up by the parent.

A student should not miss more than one day of school following head lice detection. Truancy laws may apply to students missing excessive amounts of school due to head lice infestation.

Students may return to the classroom after the appropriate use of an FDA-approved lice treatment (e.g., pediculicide/ovicide), or the Centers for Disease Control treatment options by a qualified healthcare provider, or treatment at a clinic specializing in lice and nit removal. After treatment and upon returning to school, the child will be examined by the school health staff, other designated staff members or principal. The District practices a policy of "no live lice" as a criterion for return to school.

PERSONAL DRESS

The School Board has a responsibility to establish dress standards that promote a positive and proper learning environment. Rules pertaining to appropriate student attire are necessary in order to maintain a favorable academic atmosphere.

Students are not permitted to wear clothes that are distracting, cause disruptions, promote anti-social organizations or gangs, are inappropriate for the school setting, are unsafe, unclean, or display anything that displays racism, profanity, or anything else that is indecent.

- Students will remove headwear upon entering the building during regular school hours.
- Bare midriffs are inappropriate and will not be permitted.
- Students are not allowed to wear jackets or coats to class.
- Clothing advertising or depicting alcoholic beverages, tobacco products, and any controlled substance is not permitted.
- Shirts or shorts exposing undergarments, cleavage, buttocks, or that reveal the body inappropriately are not permitted.
- Pants must be worn so that undergarments are not exposed.
- Students are not allowed to carry backpacks or handbags to class.
- Athletes may wear their uniform tops during the school day. Athletic uniform bottoms are not permitted during the school day.

Policy 5511- Dress and Grooming

BUS EXPECTATIONS

Riding on a school bus is a right extended to a student by law until he or she fails to observe the rules and regulations set down by the School Board and the bus driver. Failure to abide by these rules and regulations may result in denying transportation to the offender.

1st Offense: Written Warning

2nd Offense: One-day bus suspension

3rd Offense: 3-day suspension

4th Offense and beyond: Administrative discretion.

The bus driver is in complete authority at all times. The driver has the authority to assign school bus seats. Violations of the rules shall be reported to both the dean of students and/or principal and the parents/guardians.

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

Drivers cannot wait for more than a few seconds at the bus stops. Please be ready when you see the bus coming.

Please send notes or call the office when your child will be riding a different bus or going to a different destination. **DO NOT SEND YOUR CHILD'S TEACHER A MESSAGE ON DOJO!** Please remember that the drivers cannot drop students at different places without permission. Also, drivers cannot change their routes without permission from the school bus contractor.

Extreme caution shall be used in approaching the bus stops. Students getting on or off the bus, which must cross the highway, are to cross at least 10 feet in front of the bus making sure the highway is clear. Never walk behind the bus.

BULLYING & HARASSMENT

The School District of Crandon staff strives to develop a school environment where all students feel secure and safe. The school district has created the following guide to assist in understanding the differences between bullying, peer conflict, and teasing.

Friendly Teasing	Hurtful Teasing	Peer Conflicts	Actual Bullying
Equal power	Unequal power	Equal power	Imbalance of power
Neutral	Sensitive topic	Occurs occasionally	Usually occurs repeatedly
Purpose is to be playful	Purpose is to upset	Accidental	Intentional and serious
Joins relationships	Excludes	Negotiations an option	Seeks to gain power
Funny to both parties	Sarcastic	Withdrawing an option	Victim is vulnerable
		Relationship is valued	No remorse
		Effort to resolve	No effort to resolve

Four questions guide school officials to determine when a behavior constitutes bullying.

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

- Were the alleged bullying behaviors deliberate?
- Were the behaviors repeated?
- Did the alleged bullying behaviors inflict harm or suffering?
- Is there an imbalance in real or perceived power between the alleged victim and the alleged aggressor of the behavior?

Harassment and/or Bullying can be reported to the school using the link on the school web page.

Harassment and/or Bullying Policy 5517.01

The District is committed to maintaining a learning and working environment that is free of harassment toward or between students and employees, including sexual harassment. The District will not tolerate harassment in any form and will take all necessary and appropriate action to eliminate it, up to and including discipline of the offenders.

Harassment refers to physical or verbal conduct, or psychological abuse, by any person that disrupts or interferes with a person's work or school performance, or which creates an intimidating, hostile or offensive work or learning environment. It may occur student to student, student to staff, staff to student, staff to staff, male to female, female to male, female to female, or male to male. Examples of conduct prohibited under this policy include, but are not limited to, the following:

Physical or mental abuse;

Verbal comments or other expressions which insult, degrade, or stereotype any person or group;

Physical interference with movement, activities, or work;

Visual harassment, including derogatory cartoons, drawings, or posters; and

Sexual harassment is defined as any deliberate, repeated, or unwanted verbal or physical sexual contact, sexually explicit derogatory statement, or sexually discriminating remark that is offensive or objectionable to the recipient which causes the recipient discomfort or humiliation, or which interferes with the recipient's academic or work performance. Sexual harassment can take the form of any unwanted sexual attention, ranging from leering, pinching, patting, verbal comments, display of graphic or written sexual material, and subtle or expressed pressure for sexual activity. In addition to the anxiety caused by sexual demands on the recipient, sexual harassment may include the implicit message from the alleged offender that noncompliance will lead to reprisals. Reprisals may include, but are not limited to, the possibilities of harassment escalation, unsatisfactory academic/work evaluations, differences in academic/work treatment, or unwarranted comments to or by peers.

Any person who believes he/she has been harassed or has knowledge that a policy violation has occurred may file a complaint in accordance with established discrimination complaint

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

procedures. It is the intent of the District to create an atmosphere where complaints will be treated fairly and quickly. If the alleged harasser is the person to whom the complaint would normally be made, the complaint should be made to the next higher administrative authority in the complaint procedure. If a student does not feel comfortable with making the complaint to the designated person, he/she may make the complaint to any other adult employee, who will report the complaint to the appropriate person.

All harassment complaints shall be taken seriously and properly investigated, and appropriate actions shall be taken to prevent or correct harassing behavior. There shall be no retaliation against anyone for reporting harassment or cooperating in a harassment investigation. The District shall respect the confidentiality of both the complainant and the accused consistent with the District's legal obligations and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

If a harassment complaint involves a District employee and a student, both the Superintendent and Director of Student Services shall be involved in the complaint investigation process and follow-up activities.

Persons who engage in harassment or retaliatory conduct in violation of this policy shall be subject to school disciplinary measures consistent with District policies and procedures and employee collective bargaining agreements (if applicable).

Notice of this policy will be circulated to all schools and departments in the District on an annual basis and incorporated in student and staff handbooks.

The School Board recognizes that, as citizens, students have the right to request redress of complaints. Accordingly, individual and group complaints should be provided for and appropriate appeal procedures implemented.

School District of Crandon Title IX Grievance Process
GRIEVANCE PROCEDURES

Overview

The Board adopts the following grievance procedures to provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

participating or attempting to participate in the District's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX.

These grievance procedures shall be used for all complaints of sex discrimination, including sex-based harassment, involving conduct alleged to have occurred on or after August 1, 2024. These grievance procedures also may be used, at the discretion of the Title IX Coordinator, to investigate, address, and remedy (as necessary) conduct alleged to have occurred before August 1, 2024, that does not involve sex-based harassment, but some other form of sex discrimination prohibited by Title IX (Statute) – e.g., claims of unequal athletic opportunities, admissions discrimination, discrimination in courses or academic programs (i.e., excluding students from certain classes or programs based on their sex), pregnancy discrimination, unequal treatment based on parental, family, or marital status, discrimination in employment (including in hiring, promotion, and compensation), and retaliation. If the Title IX Coordinator elects not to use these grievances procedures to investigate and resolve such claims, the Title IX Coordinator will still need to implement some procedures to assess – in a prompt, effective, and equitable manner – whether Title IX (Statute) was violated, and, if it was, how best to end the sex discrimination in the District's education program or activity, prevent its recurrence, and remedy its effects.

Reports and Formal Complaints of "Sexual Harassment" (as defined in Policy 2266) involving conduct alleged to have occurred prior to August 1, 2024, are subject to the grievance procedures outlined in Policy 2266.

Under all circumstances, the Title IX Coordinator shall offer and coordinate supportive measures, as appropriate, in accordance with this policy and AG 2264, or Policy 2266, if the Report or Formal Complaint involves "Sexual Harassment" alleged to have occurred prior to August 1, 2024.

If the conduct giving rise to a report or complaint of sex discrimination is alleged to have occurred both before and after August 1, 2024 (i.e., is part of a pattern of sex discrimination), the Title IX Coordinator shall determine, after consulting with the Board's Legal Counsel, whether to use the grievance procedures contained in this policy or the grievance procedures contained in Policy 2266. The Title IX Coordinator will notify, in writing, the parties of the determination and the rationale for it. Under no circumstances, however, will a party be denied the due process to which the party is entitled based on the U.S. Department of Education-issued regulations in effect at the time the conduct alleged to violate Title IX (Statute) took place.

Complaints

The following people may make a complaint of sex discrimination – i.e., request that the District investigate and make a determination about whether sex discrimination as prohibited under Title IX occurred:

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

a “complainant,” which includes:

a student or employee of the District who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or

a person other than a student or employee of the District who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at a time when that individual was participating or attempting to participate in the District’s education program or activity;

a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant;

the District’s Title IX Coordinator.

A person is entitled to make a complaint of sex-based harassment only if they themselves are alleged to have been subjected to the sex-based harassment, if they have a legal right to act on behalf of such person who was subjected to the sex-based harassment, or if the Title IX Coordinator initiates a complaint consistent with the requirements of the 2024 Title IX regulations, which are detailed in AG 2264.

With respect to complaints of sex discrimination other than sex-based harassment, in addition to the people listed above, the following persons have a right to make a complaint:

any student or employee of the District; or

any person other than a student or employee who was participating or attempting to participate in the District’s education program or activity at the time of the alleged sex discrimination.

The District may consolidate complaints of sex discrimination against more than one (1) respondent, or by more than one (1) complainant against one (1) or more respondents, or by one (1) party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances. When more than one (1) complainant or more than one (1) respondent is involved, references below to a party, complainant, or respondent include the plural, as applicable.

Basic Requirements

Under ordinary circumstances, the Board expects to complete the major stages of the grievance procedures within the timeframe specified below:

Evaluation – The Title IX Coordinator will determine whether to dismiss a complaint or investigate it within ten (10) days of receiving the complaint.

Investigation – The Title IX Coordinator, or designated investigator, shall ordinarily complete the investigation (i.e., collect relevant evidence that is not otherwise impermissible) within thirty (30) days of the Title IX Coordinator determining the charges require investigation. If, however, the Title IX Coordinator, or designated investigator, determines that the investigation is going to take longer, the Title IX Coordinator will so notify the parties and the District Administrator and

SCHOOL DISTRICT OF CRANDON

STUDENT HANDBOOK

will thereafter keep the parties and the District Administrator informed of the status of the matter on a regular basis. Once the Title IX Coordinator, or designated investigator, provides the parties with “access” to either the relevant and not otherwise impermissible evidence and/or an accurate description of the evidence, the parties will have five (5) days to respond to the evidence or the description of the evidence unless the Title IX Coordinator approves a party’s written request for more time. If the Title IX Coordinator approves such a request, both parties will be afforded an equal amount of time to submit their response.

Determination – After the parties either submit responses to the evidence/description of the evidence, or the deadline for submitting such responses expires, the Title IX Coordinator, or designated decision-maker, will consider the relevant and otherwise not impermissible evidence and issue a determination as to whether sex discrimination occurred. The determination shall be issued within ten (10) days of the deadline for the parties to submit responses to the evidence/description of the evidence unless the District Administrator approves an extension of time, which must be communicated in writing to the parties.

Appeal – A party filing an appeal of the Title IX Coordinator’s decision to dismiss a complaint must do so within five (5) days of receiving the Dismissal.

DISCLAIMER

This Student Information Handbook and the Student Rights and Responsibilities Code may not contain all of the policies, procedures, rules/regulations, and actions of the School District of Crandon. An effort has been made to include everything that would have a bearing on the educational process of every student. It would be burdensome to quote all School Board policy as well as unnecessary. However, sometimes student activities are governed by a policy not listed. If this happens, any action taken will be done in the best interests of the students and the District. The School Board reserves the right to revise, change, delete, and add to these handbooks whenever it deems necessary.
