

## ***What to Expect When You Move to Virtual Learning***

---

***As we continue to move through these ever-changing times, we wanted to provide you a starting point for virtual learning. Given that every situation presents unique challenges, we will allow for flexibility based on student needs.***

### **Devices and Access**

- Each student that is on the virtual learning path will have access to a district Chromebook
- Students/families may choose to utilize their own devices
- It is important to have reliable internet access at your home for students to be able to access daily learning activities and assignments
- If internet access is an issue, you may consider utilizing your data from your wireless provider
- If internet is simply not an option, please let us know so we can make the necessary accommodations
- The School District of Crandon is also continuing to work on solutions to support internet access

### **Attendance**

- As part of the School District of Crandon Virtual Learning Contract we have defined student virtual attendance by meeting the following criteria
  - Daily engagement with the learning activities in Google Classroom
  - Weekly completion of assignments and activities
- Attendance will be evaluated on a weekly basis based on these criteria
- If attendance becomes a concern, you will be contacted by your child's building principal

### **Learning Environment and Communication**

- As learning is now happening at home, we recommend that you designate a location that limits distractions, comfortable, convenient, and conducive to learning.
- Google Classroom will be the way teachers provide your child learning experiences and activities. All students will login using their SD of Crandon email address and password.
- For more information on getting started on Google Classroom, please watch this brief tutorial:  
<https://youtu.be/xfgqtCi7hdo>
- Teachers may use other tools. If you have questions about what is happening in a class(es), please email the teacher. Please allow up to 24 hours for a reply as teachers are face to face with students.
- Your child will also have a weekly contact from a mentor in regards to general educational or social and emotional needs. This could be their teacher, a counselor, or other staff member.

### **Technology Support**

- If you have a general technology related questions during the day:
  - What is my login information?
  - How do I access Classroom?
  - My Chromebook is not working.

**Please feel free to call our Technology Help Desk at (715)478-6170 or email at [support@sdoofcrandon.com](mailto:support@sdoofcrandon.com).**
