Logging into NextPath as a Caregiver for the first time

This guide introduces NextPath and explains how to log in and claim your child(ren). NextPath is a platform your school uses to share important information about your child at school. It fosters a partnership between schools and caregivers by providing access to student data and creating opportunities for caregiver input when requested by the school.

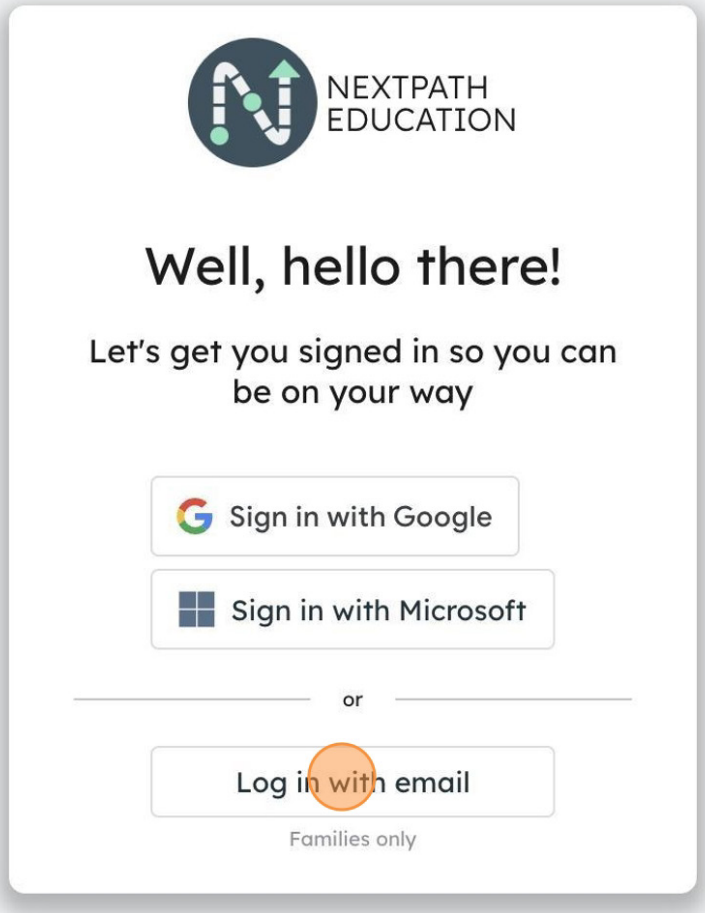

1 *Go to NextPath*

On any device (phone, computer, or tablet) with an internet browser, type **nextpath.app** and press enter.

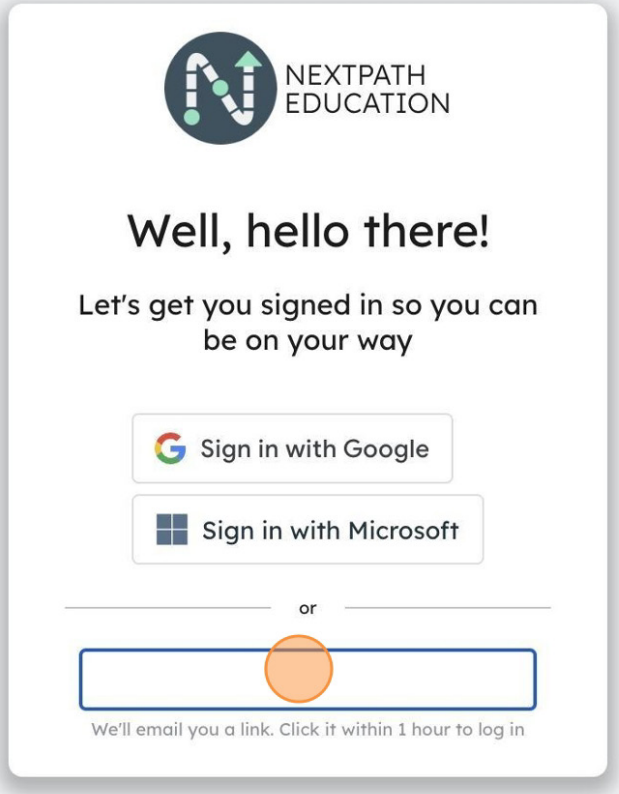

Caregivers can log in securely and easily by entering your email address shared with the district in Skyward

2 *Log In*

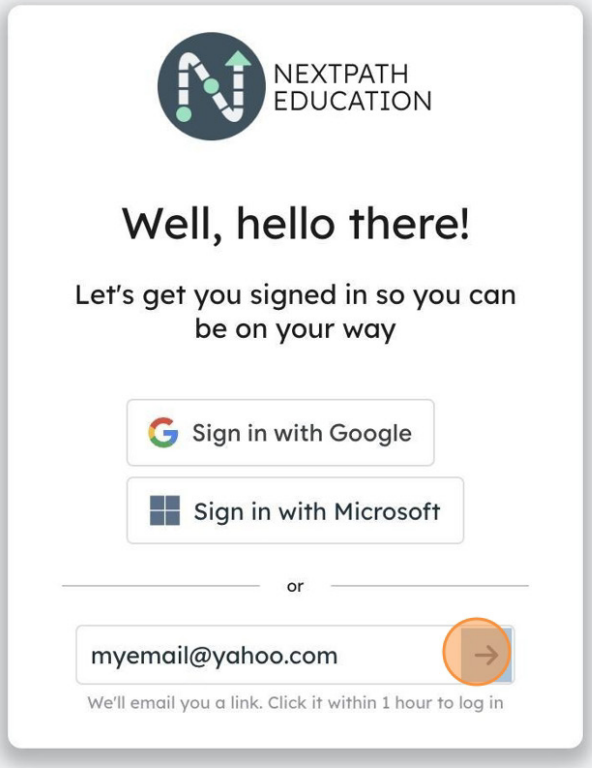

- Click "Log in with email."

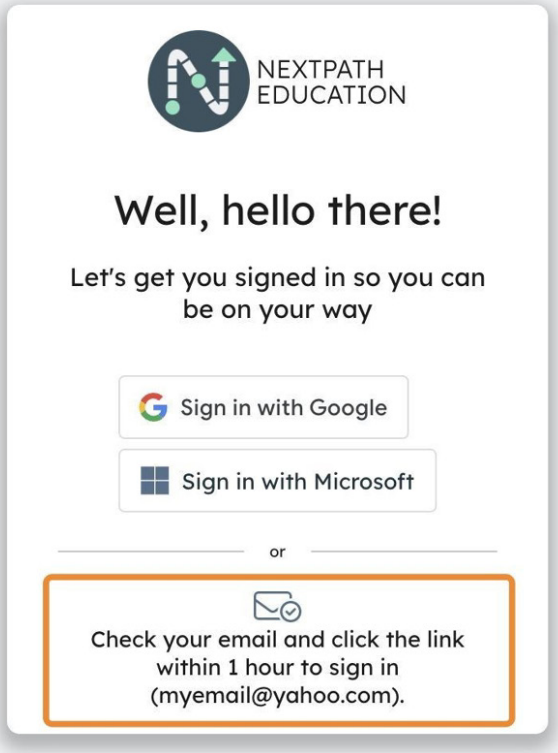

3 Enter the email address you gave the school during enrollment in Skyward.

4 **Click the arrow button to receive a one-time "magic link."**

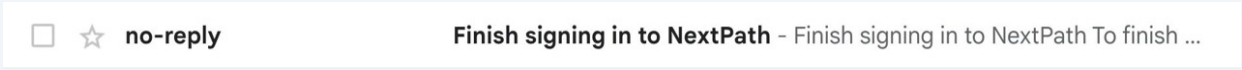

5 An email has been sent to the provided email

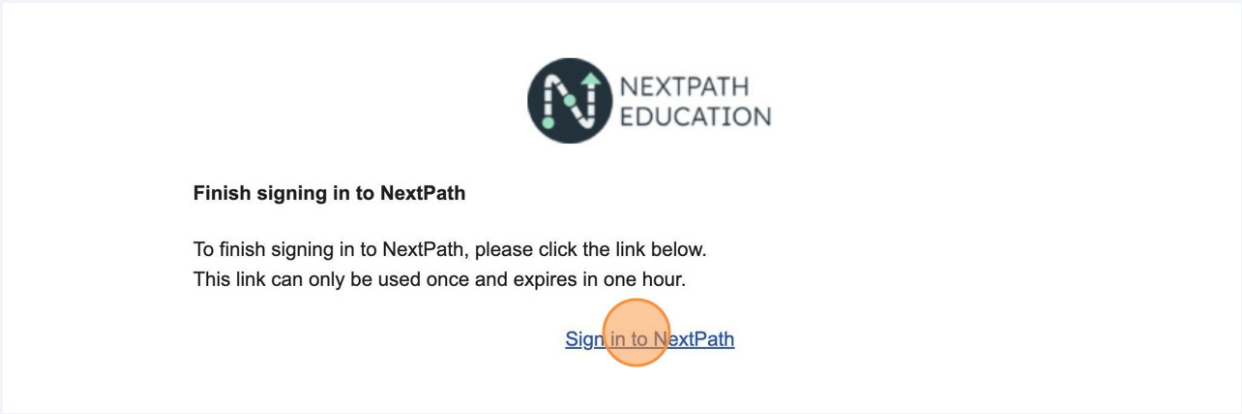

6 ***Check Your Email***

Look for an email from NextPath in your inbox.

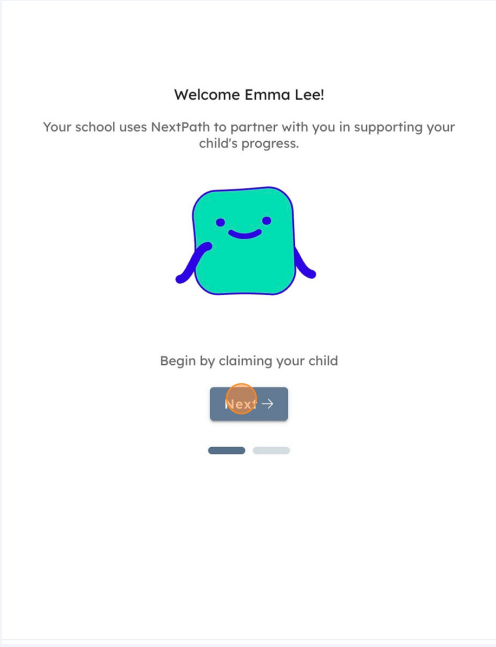

7 *Open the Email*

Click the **"Sign in to NextPath**" link in the email.

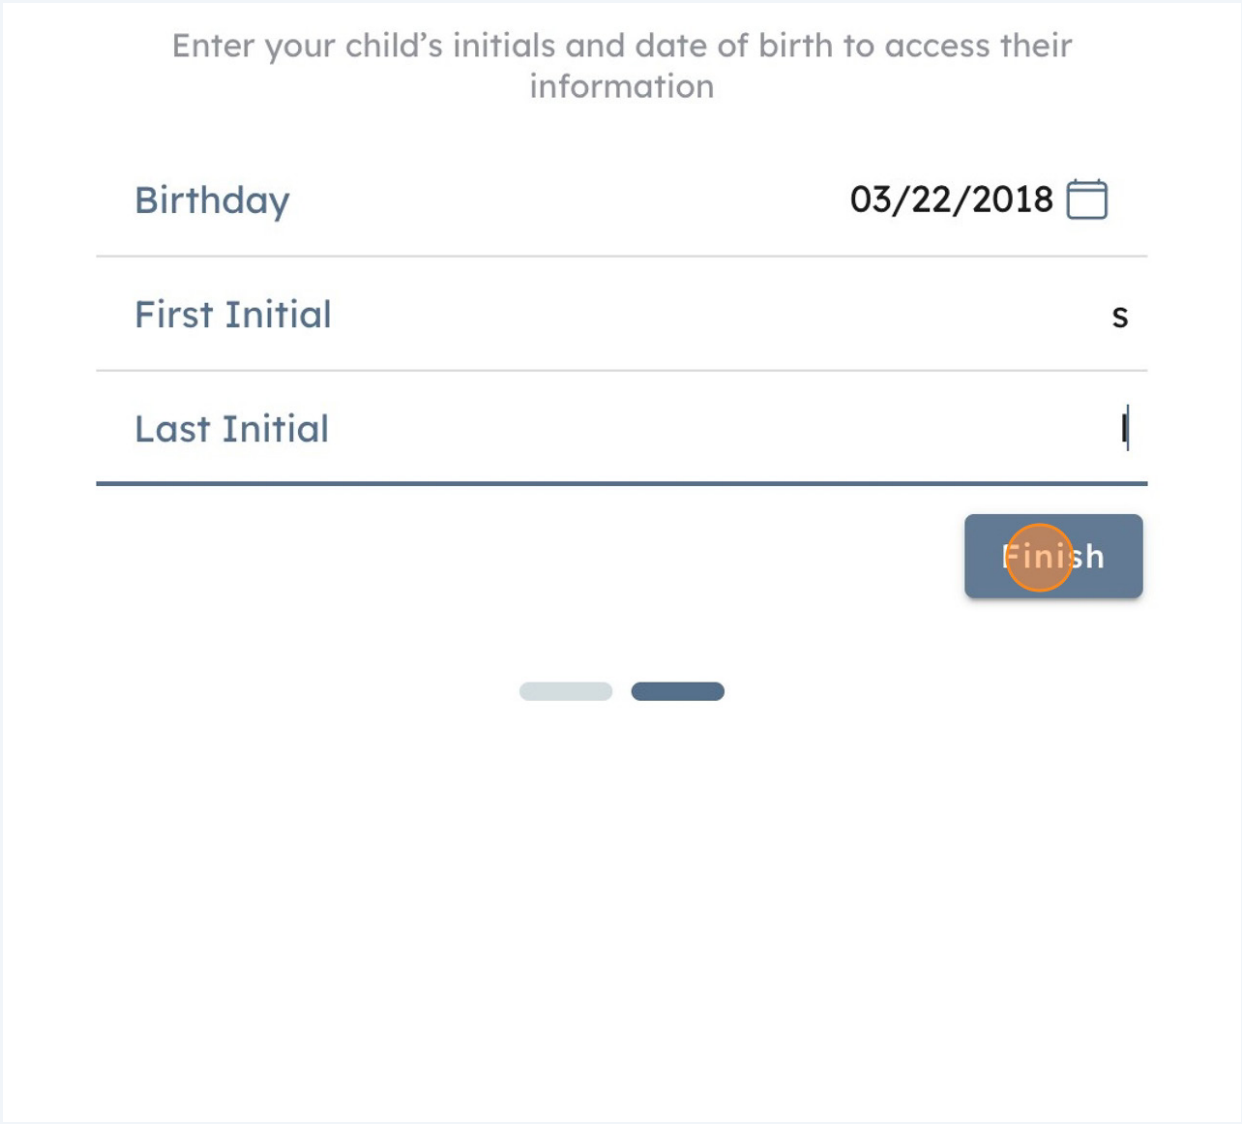

8 *Confirm Information*

Once signed in, click "Next" to start confirming your child(ren)'s details.

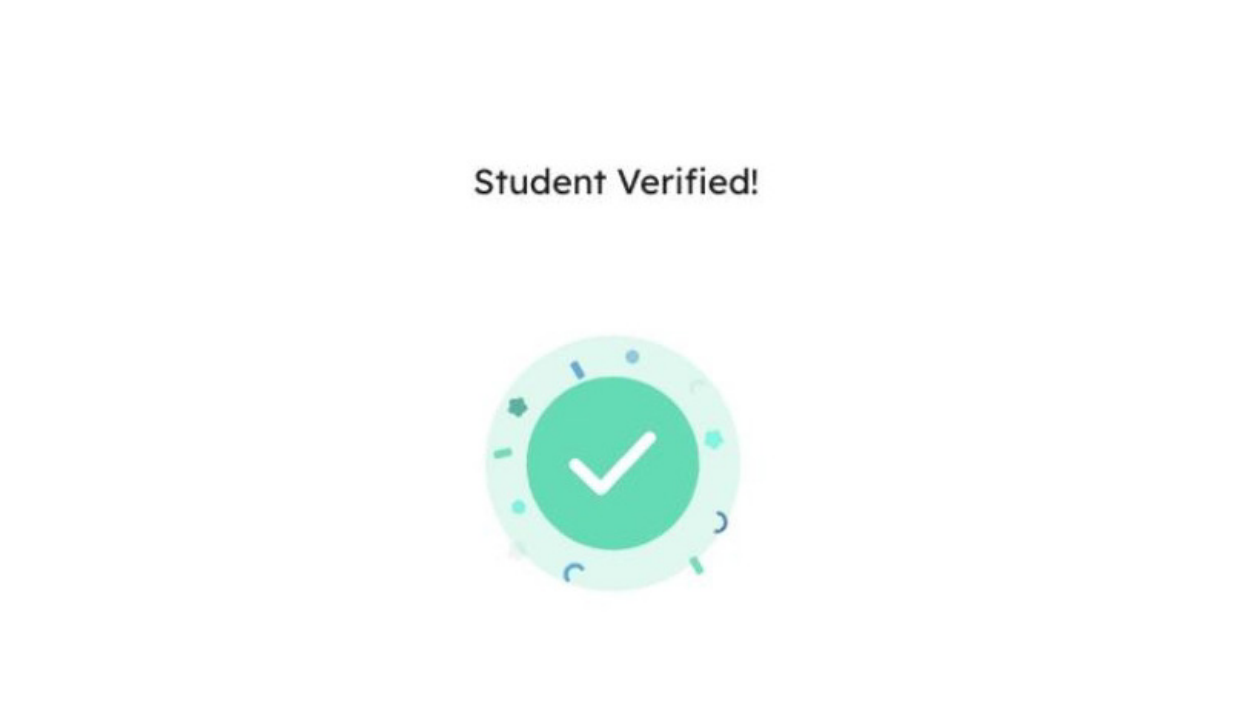

9 *Enter Your Child's Details*

- Enter your child's **birthday**. 7
- Enter the **first letter** of their first name.
- Enter their **last name**.
- Click "**Finish.**"

10 When the information matches school records, you'll see a message confirming your child is linked to your account

⚠ Important! If you have more than one child, repeat Step 9 for each child.

11 Once the process is complete, you'll see any important documents or updates. If nothing needs attention, you'll be taken to NextPath to explore more information about your child.
