

**School District of Crandon  
1:1 Student Device Paper Form  
Instructions for Parent/Guardians and Students in grades 4K-12**

1. Students and parents/guardians should only use this form when they are unable to access Skyward online.
2. This agreement is valid for one academic school year and will need to be resigned at the start of each school year.

**Student Device Agreement**

The student device, and charging cord issued to you are, and at all times remain the property of the School District of Crandon (CSD). The device is on loan to you as a student, subject to applicable District policies, from the date issued to no later than the last day of attendance unless earlier reclaimed by the District.

**Student device expectations:**

- Read and review the **STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY policy 7540.03 (AUP)** located on the District webpage.
- The District **policy 7540.03 (AUP)** clearly defines that there is no expectation of privacy when using district devices, network or internet access at home. District personnel reserve the right to monitor, control and inspect all devices and connections provided by the District.
- It is the sole responsibility of the students/parents/guardians to care for the equipment and ensure that it is retained in a safe environment.
- Not all students may be ready for this responsibility. Students/parents/guardians should contact their school principal regarding alternatives to taking a device home.
- Students/parents/guardians are responsible for any damage to the device. **If the damages are a result of misuse, a \$30 service charge will be applied for lost or missing chargers, a \$40 service charge will be applied for screen damages, and a \$60 service charge will be applied for keyboard damages to cover the costs of repair(s).**
- **Students/parents/guardians are responsible for the replacement cost of the device if the device is stolen or lost. The cost will be determined by market availability of similar models.**
- Do not attach stickers or write on the devices.
- Report all problems and damage immediately to your teacher and/or school library / Instructional Media Center (IMC).
- Have your device at school each day and charge the device every night.
- Do not remove asset or identification tags on hardware.
- The District provides off campus Internet filters for the 1:1 device. Parents/Guardians, however, should understand that no filter is 100% effective. The District acknowledges that no blocking or filtering mechanism is capable of stopping all inappropriate content all of the time. The best filtering system is good supervision of student technology use and appropriate education related use by students.

Your Signatures on this form indicate that the student will, with parental help and supervision when appropriate, agree to meet the expectations in this agreement and all school policies and rules regarding technology. Your signatures on this form also indicate that the parent and student understand the **STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY policy 7540.03** governs the use of the devices while at school and while off campus.

- I accept the terms and expectations of the Device agreement and have shared and discussed this with my student(s).
